

Entrance & exit exams inform as to how effective our instruction has been.

Recreational activities range from mental games of skill to group games and sports. Among them are chess, volleyball, whiffle ball, tug of war, steal the bacon, ping pong, swimming, kayaking, and hiking.

The camp paper, made by and for the campers, is distributed after campfire at the last break before retiring and lights out.

Each night at campfire we tell jokes, perform skits, recite poetry,

play instruments and sing old and new songs followed by devotions and taps.

## WE EXIST TO SECURE THE BLESSINGS OF LIBERTY

Our camp was established to teach principles of life and law, to secure the blessings of liberty to ourselves and to future generations. To that end, we bring together dedicated speakers to inspire our campers, ages 12 to 20, and whole families of all ages. We are volunteers, organized in 2009, with many years of experience. We teach responsibility and duty to God, family and country.

Junior Campers

We meet at the beautiful Toah Nipi Christian Retreat Center among the birch and pine woods of Rindge, in southern New Hampshire near Mt. Monadnock.

The motto here is "Live Free or Die!"

## WE FIND HOPE THROUGH HISTORY ...

The foundation of America is one based on individual liberty. The Constitution was written to ensure that the God-given, unalienable rights of an individual could not be trampled by the wiles of a fickle majority. This was accomplished by reducing the scope of the power of government and distributing that power with checks and balances. Establishing sound money and free enterprise created the greatest expansion of wealth and progress in recorded history.

The 20th and 21st centuries have seen a growth in collectivist philosophies which subject the individual to utilitarian policies promoted as “for the greater good” and tend to concentrate power. These philosophies are opposed to the American ideal.

We teach the principles and tactics by which others consolidate such power. We expose their violations of law, and offer solutions to restore lawful government.

Our camp inspires our youth to seek truth and a greater devotion to freedom under God.

## STAMINA and AGILITY FROM RECREATION...

Throughout the week we have 20 - 25 class sessions and a field trip to an historical site such as the Lexington Green, Concord Bridge (below left) or, the Boston Tea Party Museum.

We enjoy our natural surroundings all day from flag rais-

ing as the sun rises over the treetops, through afternoon sport activities and mountain hikes.

"It's one week out of the year where I'm surrounded by intelligent people. I wouldn't want to miss it!"

"My parents met at Camp, and I've made some really good friends since I've been coming here!"

"Thank you for helping me learn so much in such a short time. I want to be a counselor when I'm old enough!"

"I've been to a lot of camps all over the United States of America, and I have to say that the food here is way better than any other camp I've been to!"

"We need a two-week camp! I learn so much here compared to public school. It's like I have to wait all year to learn anything!"

We encourage campers to join in intelligent discussion, write articles and do artwork for the paper, and take lots of pictures for treasured memories.

We publish a daily paper which features articles and artwork of campers. The paper also features results of our daily cabin inspections, which is a part of the competition for tidiness and creative decorations. Judges give their scores along with humorous barbs, so campers look forward to reading and responding ... !
